

TEMPORARY LICENSES/DEA NUMBERS

Temporary licenses to practice medicine at Maine Medical Center will be obtained through the central office of the Department of Medical Education (DME). If you obtain a full, unrestricted license in the State of Maine, notify the central DME office immediately.

DEA numbers (to be added to the institutional number as a suffix identifying the resident/fellow writing the prescription for controlled substances) will be listed under the trainee's account in the New Innovations software. Each of you will receive a notice informing you of your individual DEA suffix number at orientation. If you obtain a Federal DEA number you should use that number instead of the MMC assigned number and notify the central DME office immediately.
